EVERYDAY MANDARIN

presented by **PAGE**

Everyday Mandarin focuses on the immersion style of instruction while using Western teaching methodologies. The goal is to excite students to learn Mandarin in a fun and interactive way. Activities like role-playing, peer learning and team building add purpose and a social setting to practice and reinforce Mandarin. Chinese culture, art and history is incorporated into the curriculum.

The emphasis of the program is focused on building a strong Mandarin verbal foundation. Immersion, purpose, repetition and positive reinforcement is used to develop Mandarin verbal confidence in students. Our program follows the Zhongwen curriculum written by the College of Chinese Language and Culture, Jinan University. Upon completion of the Advanced level 2 class which uses the 5th book in the series, students will be prepared for 6th grade Mandarin.

The Everyday Mandarin program believes that learning needs to extend beyond the classroom. Weekly homework will be assigned. Resources will be available online for parents to follow and support their child's efforts to learn Mandarin.

We look forward to developing your child's Mandarin fluency.
